METROSCAFF

WHAT WE DO

SCAFFOLDING SOLUTIONS

Metroscuff is a reputable supplier of scaffolding hire, mobile scaffolding hire, propping, shrinkwrap, safety netting, and temporary fencing. Our goal is to provide high-quality scaffolding services throughout the Auckland area, catering to both residential and commercial projects.

Our extensive service offerings go beyond scaffolding, and we take pride in our collaborative approach. We partner with other businesses to make the process easier for you and ensure that all of your project needs are met seamlessly.

METROSCAFF

OUR BEST SERVICE

Safety

We are always focused on making sure the safety of our staff and customers remain our top priority. We foster a culture of advocacy and personal commitment to doing things the right way every time.

Efficiency

We deliver on our promises, providing quality solutions on time and on budget.

Integrity

We do what we say we will do, whilst remaining respectful and fair to our customers and staff.

Team

As a family owned and operated business, we value our people and put them first. We believe that includes not just our staff, but our customers as well.

METROSCAFF

WHO WE ARE

Metroscuff is not just a business; it's a family-owned and operated scaffolding enterprise rooted in the heart of Auckland. We are proud to serve the greater Auckland area, specializing in both residential and commercial scaffolding solutions.

Our commitment to providing top-quality and efficient services while upholding our family ethos is what drives us. We firmly stand for values that ensure every customer receives the highest level of satisfaction. Our dedicated team, comprising highly skilled scaffolders, truck drivers, and laborers, takes the time to understand our customers' needs and goes the extra mile to exceed their expectations.

At Metroscuff, we don't just offer scaffolding services; we provide a personalized and customer-centric experience that reflects the core of our family-owned business. When you choose us, you're choosing a partner who understands the significance of your project and is dedicated to delivering unmatched scaffolding solutions that align with your specific requirements.
